

WVNPA Virtual Nonprofit Leadership Summit September 21-23, 2021

Onward!

Nonprofits work on the frontlines of our society's most important issues – especially during the challenges of 2020 – and it is vital that they have a venue to advance their knowledge and skills that drive change to overcome those challenges.

The West Virginia Nonprofit Association's Virtual Nonprofit Leadership Summit will take place virtually over three days and convene up to 300 nonprofit professionals from across the state.

Fulfilling our mission to serve nonprofits and strengthen West Virginia, the Summit will help nonprofit leaders, staff, directors, and volunteers come together to learn, inspire, and be inspired through peer-to-peer learning, up to 9 individual Learning Labs sessions, and exhibitors with products and services tailored to the needs of nonprofits. We will not let the pandemic challenges keep us from delivering what nonprofits need to be successful!

This is THE PLACE for businesses interested in showcasing their products and services to an audience of innovative decision-makers while they are actively seeking new ideas. I found vendors and participants to be TOTALLY engaged.

-Barbara Harrington, Owner, Sponsorship Plus and 2016 WVNPA Summit Speaker

New Challenges with Clear Solutions

Summit speakers and session leaders will focus on innovative solutions, introducing new methods, ideas and products to help overcome challenges.

Exhibit at the 2021 Nonprofit Leadership Summit

The WVNPA partners with like-minded companies, foundations, nonprofits and individuals who believe that doing good is good for business and our community.

Exhibiting at the **Virtual Nonprofit Leadership Summit** includes a virtual booth on our conference website highlighting your company overview with downloads and an optional video for participant interaction. Exhibitors receive one complimentary registration for all the virtual activities, and we will drive clicks to your virtual booth with an interactive activity for participants.
