

**WVNPA Hybrid Nonprofit  
Leadership Summit  
September 19, 21, 26-28**

**POWER of Impact**

Nonprofits work on the frontlines of our society’s most important issues - especially now - and it is vital that they have a venue to advance their knowledge and skills that drive change to overcome those challenges.

The West Virginia Nonprofit Association's Hybrid Nonprofit Leadership Summit will kick off with an in-person session followed by 4 days of virtual programming, convening up to 300 nonprofit professionals from across the state.

Fulfilling our mission to serve nonprofits and strengthen West Virginia, the Summit will help nonprofit leaders, staff, directors, board members, and volunteers come together to learn, inspire, and be inspired.

The Summit will include:

- 1 in-person opening Keynote and Plenary Session,
- 4 independent virtual tracks for:
  - Executive Directors,
  - Development Directors
  - Volunteer Managers,
  - Board Members,
- exhibitors (in-person and virtually) with products and services that nonprofits want,
- and opportunities for Networking and De-Stressing!

*This is THE PLACE for businesses interested in showcasing their products and services to an audience of innovative decision- makers while they are actively seeking new ideas. I found vendors and participants to be TOTALLY engaged.*

- Barbara Harrington, Owner, Sponsorship Plus and 2016 WVNPA Summit Speaker

**New Challenges with Clear Solutions**

Summit speakers and session leaders will focus on innovative solutions, introducing new methods, ideas and products to help overcome challenges.

## Exhibit at the 2023 Nonprofit Leadership Summit

The WVNPA partners with like-minded companies, foundations, nonprofits and individuals who believe that doing good is good for business and our community.

Exhibiting at the **Hybrid Nonprofit Leadership Summit** includes an in-person booth on September 19th, and a virtual booth on our conference website highlighting your company overview with downloads and an optional video for participant interaction. Exhibitors receive one complimentary registration to attend the Summit, and we will drive clicks to your virtual booth with an interactive activity for participants.
