The Neighborhood Investment Program will end on June 30, 2021 if it is not renewed during the 2021 legislative session.

About the Neighborhood Investment Program (NIP)

The Neighborhood Investment Program was established by the Legislature in 1996. The NIP is the ONLY state incentive available for charitable giving in West Virginia. Administration of the Neighborhood Investment Program is SELF SUFFICIENT & SELF FUNDED through the program fee applied to each donation.

About

The statewide program impacts at least 200 NONPROFITS annually, serving citizens, programs, and communities in ALL 55 COUNTIES.

How It Works

Businesses and individuals who contribute to organizations are eligible to receive up to 50% of the contributed amount as a giving incentive. Donated money and resources are then lessening the burden of government assistance.
