

Make Every Purchase Count

For nonprofits, attaining goals while managing expenses can be challenging. At **fnpadvantage**, our mission is to support all nonprofits with unique solutions that optimize operations, reduce costs, enhance efficiency, and support your goals.

At **fnpadvantage**, we believe every dollar counts — because every dollar saved is another dollar you can use toward your mission.

fnpadvantage is a value-added service from First Nonprofit (FNP), designed exclusively to help nonprofit organizations reduce the cost of supplies they purchase and the services they use every day. FNP did more than try to partner with a GPO. We hired a highly experienced and successful professional to lead **fnpadvantage** and provide our members with consultative expertise to identify the best opportunities for your organization to reduce your cost of goods and services, often using the same or very similar sources.

Through our network of trusted partners and negotiated savings programs, we leverage collective buying power to help nonprofits access discounts, preferred pricing, and exclusive cost-saving opportunities across multiple categories — from food to office supplies, technology to professional services, and more.

How **fnpadvantage** Works

- **Enroll with Ease:** As an FNP client, you automatically gain access to **fnpadvantage** and its nationwide portfolio of supplier and service discounts. There is no cost to join the program.
- **Shop Smarter:** Tap into a wide range of preferred vendors offering special pricing for nonprofits.
- **Save Continuously:** Beyond one-time savings, **fnpadvantage** helps your organization manage costs over time for sustainable financial relief.

Why Choose **fnpadvantage**
